

# OUTSTANDING EDUCATOR

## *Description*

---

This award recognizes the dedicated contributions of a researcher or educator each year. The award is presented for leadership in transportation research activities with special emphasis on concrete pavement.

## *Eligibility Requirements*

---

All researchers and educators are eligible to be nominated for this award. Special consideration will be given to researchers involved in concrete pavement research that has had a direct impact on the quality and constructability of concrete pavements.

## *Nomination Process*

---

Nominations will be accepted from ACPA members, staff and Chapter/States in good standing. Only one nomination is allowed per member company, staff member or chapter.

## *Selection Process*

---

The ACPA Executive Committee will review the nominations and select the winner.
